EXPERIENCE

Impact Carpentry & Construction, Inc.
OWNER
May 2007 - Present

- Executed high-end interior finish work on custom homes valued at $1.5 to $15 million, including doors, windows, stair railings, ceiling beams, shiplap, crown molding, cabinetry, built-ins, and fireplace mantels.
- Led crews of 4–8 journeyman carpenters on 50+ large-scale custom residential projects.
- Coordinated with builders, homeowners, designers, and suppliers to execute plans accurately and finish projects ahead of schedule.
- Directed finish carpentry operations to ensure quality, installation, and job-site safety standards.
- Managed material requirements and supplier coordination to minimize delays and maintain workflow.

Builders FirstSource
OUTSIDE CONTRACTOR SALES
October 2005 - May 2007

- Established relationships with new builders and contractors, converting them into customers.
- Managed sales opportunities from initial consultation through product selection, ordering, and installation.
- Visited job-sites and worked directly with contractors to identify material needs.

Newman Replacement Windows
OUTSIDE SALES
June 2001 - October 2005

- Maintained an average 65% close rate while conducting 3–4 in-home consultations daily.
- Generated an average of $1.4 million in annual sales, with a peak annual sales volume of $1.9 million.

INSTALLATIONS MANAGER
May 1997 - June 2001

- Managed 12 installation crews serving a 300-mile service area.
- Resolved customer service and satisfaction issues, ensuring timely and effective resolution.
- Coordinated product deliveries and monitored inventory and stock levels.
- Supervised employee performance, training, and development.

INSTALLATION TECHNICIAN
February 1995 - May 1997

- Performed window and door installations for residential and light commercial projects (retrofit and new-construction).
